## Financial services we provide

TRM is a subsidiary of RIEB and is the Trustee of the superannuation fund. TRM issues interests in the superannuation fund, as well as provides general financial product advice via fund websites, correspondence and seminars.

RIFS is a subsidiary of RIEB and will provide general financial product advice and general information about the superannuation fund via our call centre, correspondence and seminars.

RIEB provides actuarial services to the superannuation fund and is also the administrator. RIEB has outsourced the majority of the administrative services to Link Super Pty Limited (Link Super) ABN 68 146 993 660, a related body corporate of Link Advice. RIEB has outsourced the majority of the financial product advice services to Link Advice.

TRM, RIFS and RIEB are part of the Russell Investments group of companies. Russell Investments provides investment management and consulting services to institutions, individuals, superannuation funds, employers and members.

Link Advice and select employees of Link Super are authorised (among other things) to provide general financial product advice specific to superannuation and to deal in a financial product by applying for, acquiring, varying and disposing of superannuation products. Link Advice is responsible for any advice that is provided by its employees or the employees of its related bodies corporate, including Link Super. Link Advice is also authorised to provide personal financial product advice to members. This FSG does not provide information about that Link Advice service. If you request personal financial product advice, a separate FSG will be issued to you at that time.

**Please note:** At no time will the general financial product advice provided take into account your particular objectives, financial situation or needs; all advice will be of a general nature only. You should obtain and take into account the relevant Product Disclosure Statement (PDS) and consider seeking professional financial, taxation and/or legal advice, before you make any investment decision.

## Other documents you may receive

### Product Disclosure Statement

You will receive a PDS relating to a superannuation product before you become a member. You should read the PDS carefully as it contains important information to assist you in making an informed decision about the product. You can also obtain the superannuation fund's PDS from [nationwidesuper.com.au/trusteerequireddisclosure](http://nationwidesuper.com.au/trusteerequireddisclosure)

If you require personal financial product advice, Link Advice can provide limited personal financial product advice and will provide you with a separate FSG at the time of providing personal financial product advice. For a copy of this FSG, visit [linkadvice.com.au](http://linkadvice.com.au)

Russell Investments, separately, has an adviser referral program available to all members wishing to seek a full financial plan. If you seek any of these personal advice services, you will receive a Statement of Advice setting out the advice, the basis on which it has been given and other important information. You will also receive a separate FSG from the providing entity, and the fees payable for the advice would be explained to you at the time of the advice.

## **Remuneration received**

### **Remuneration for trustee services provided by TRM**

TRM is not directly remunerated for the services it provides, as the fees that TRM receives are paid to its service providers.

### **Remuneration for services provided by RIEB and RIFS**

RIEB is remunerated through general super fund fees paid for by your fund. There are fees that are calculated as a percentage of the assets being managed in your fund (ranging from 0.0% to 1.06%p.a. (gross) and 0.90%p.a. (net). Note: only the net fee is deducted from member accounts). Fees can also include an insurance processing fee, which is a percentage of your insurance premiums up to 15%p.a. Transaction specific fees such as a benefit processing fee can also apply—these fees are flat dollar amounts (ranging from \$0 to \$580 and are indexed with average weekly ordinary times earnings (AWOTE)). You should check your superannuation fund's PDS for the fees that apply. Fees are generally calculated and paid on a monthly basis to RIEB.

RIFS does not receive remuneration for the services it provides to members.

### **Remuneration for general financial product advice relating to the superannuation fund**

General financial product advice relating to members' interests in the fund is provided free of charge by the fund.

### **Remuneration for services provided by Link Super**

Link Super receives fees for the contracted holistic administration service that it provides on behalf of RIEB. Link Super can receive performance-based bonuses (additional remuneration) or penalties (reduced remuneration) from its clients.

Neither Link Advice, Link Super, nor its related bodies corporate pay or receive commissions. In some circumstances, employees of Link Super can receive performance-based bonuses (paid by Link Super). An element of the performance assessment may include the appropriate referral of fund members (retail clients) to providers of financial advice authorised by the relevant client.

For the services outlined in this FSG, no additional remuneration is paid, or benefit provided to:

- Link Advice
- a related body corporate of Link Advice
- a director or employee of Link Advice or a related body corporate
- an associate of any of the above, or
- any other person.

## **Remuneration received by those who recommend TRM products**

TRM does not pay any adviser remuneration. However, pursuant to the "Grandfathering" provisions of the Future of Financial Advice (FoFA) reforms, Russell Investment Management Ltd (RIM), a related party, may still pay (in limited circumstances) adviser remuneration of up to 0.16%p.a. of the value of your investment in a TRM product to Australian Financial Services licensees and/or their representatives who recommend TRM products to investors. For this to apply, the financial advice must have been given to the member prior to 1 July 2014.

RIM will pay any adviser remuneration out of the investment management fees that it receives from TRM, so it will not represent any additional cost to you.

Your adviser may charge a fee for providing you with advice about your investment in our products. If you choose, we may offer to arrange for you to pay your adviser this service fee by deducting it from your investment in our products. We do not receive any fees for this service.

Russell Investments may receive increased remuneration where you become a member of a fund administered or operated by Russell Investments, where you alter your membership interest in the fund, e.g. change your investment strategy or increase your level of contributions.

If you have any queries about remuneration or would like further information about remuneration that is payable by you, please refer to your PDS or contact us.

## **Important associations or relationships**

As noted earlier, TRM, RIFS, RIEB and RIM are all part of the Russell Investments group of companies.

Pacific Custodians Pty Limited (ABN 66 009 682 866, AFSL 295 142) (Pacific Custodians) issues a non-cash payment product called 'SCH Online'. SCH Online is operated by The Superannuation Clearing House Pty Limited (ABN 15 086 576 721) (TSCH). Pacific Custodians, TSCH, Link Super and Link Advice are related bodies corporate and are members of the Link Group of companies.

For the Resource Super division of the Russell Investments Master Trust, Resource Super Insurance Pty Ltd (ABN 97 167 499 809) provides insurance services to members.
