2. How super works

Superannuation is a long-term, partly compulsory way of saving for your retirement. There are different types of contributions available (for example, compulsory contributions by your employer, voluntary personal contributions that you choose to make and Government co-contributions). There are limitations on contributions you can make to your superannuation and restrictions on when you can make withdrawals from superannuation. Tax benefits are provided by the Government to encourage you to save more for retirement. Most people have the right to choose which superannuation entity their employer should direct their compulsory employer contributions into. These are known as Superannuation Guarantee (SG) contributions.

In Australia, superannuation investments receive special tax concessions that aren't available to other types of investments. That's why superannuation is such a powerful vehicle to save for retirement. As your superannuation is likely to be one of your biggest assets in retirement, the choices you make today could significantly impact your lifestyle in retirement.

 You should read the important information about 'How super works' before making a decision. Go to nationwidesuper.com.au/superguide and read the Super Guide. This material relating to 'How super works' may change between the time when you read this PDS and the day when you acquire the product.

4. Risks of Super

All investments carry risk. It's the trade-off for the return that investors seek. Different strategies (such as the investment options described in section 5 of this PDS) may carry different levels of risk, depending on the assets that make up the strategy. Assets with higher expected long-term returns generally carry the highest level of short-term risk. For example, shares and commodities have relatively higher risk and higher expected returns than fixed interest and cash.

What you should consider:

- the value of your investments will vary and the level of returns will vary depending on the options you are invested in.
- returns are not guaranteed and may result in a loss.
- past returns are not a reliable indicator of future returns.
- superannuation and taxation laws affecting your super may change in the future.
- the amount of your future superannuation savings (including contributions and returns) may not be enough to provide adequately for your retirement.
- the level of risk varies for each person – how you invest your super will depend on a range of factors including your age, your investment timeframes, other investments you may have and your tolerance for risk.

 You should read the important information about the 'Risks of Super' before making a decision. Go to nationwidesuper.com.au/investmentguide and read the Investment Guide.

This material relating to the 'Risks of Super' may change between the time when you read this PDS and the day when you acquire the product.

5. How we invest your money

For Nationwide Super – Employer members, you'll be invested in the GoalTracker (MySuper) investment option, unless you make an investment choice. For Nationwide –Personal members you will need to make an investment choice when you join. The GoalTracker investment option automatically invests your super based on your age, through a diversified portfolio invested across a range of asset classes. When you're younger, your investment strategy will have a higher allocation to growth assets to help grow your super balance. To help protect your savings as you approach retirement, your allocation to defensive assets will increase. Refer to the table below. By telling us more, you can then opt for GoalTracker Plus to create and manage a tailored investment strategy just for you.

6. Fees and costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneySMART.gov.au) has a superannuation calculator to help you check out different fee options.

Note: The Moneysmart calculator can be used to calculate the effect of fees and costs on account balances.

The information in this Fees and Costs Summary can be used to compare costs between different superannuation products. Fees and costs can be paid directly from your account or can be deducted from investment returns. Taxes and insurance costs are set out in another part of this document.

Example of annual fees and costs for the superannuation product

This table gives an example of how the ongoing annual fees and costs for the GoalTracker option for this superannuation product can affect your superannuation investment over a 1-year period. You should use this table to compare this superannuation product with other superannuation products.

EXAMPLE: GOALTRACKER INVESTMENT OPTION		BALANCE OF \$50,000
Administration fees and costs	0.17% per year Plus \$60.00 per year Plus 0.01% (paid from the Fund reserve) ¹	For every \$50,000 you have in the superannuation product, you will be charged or have deducted from your investment \$90.00 in administration fees and costs, plus \$60.00 regardless of your balance
PLUS Investment fees and costs	0.65% per year	And , you will be charged or have deducted from your investment \$325.00 in investment fees and costs
PLUS Transaction costs	0.09% per year	And , you will be charged or have deducted from your investment \$45.00 in transaction costs
EQUALS Cost of product ² :		If your balance was \$50,000, at the beginning of the year, then for that year you will be charged fees and costs of \$520.00³ for the superannuation product.

1. This reflects the excess administration costs incurred by the Trustee and paid from the Fund reserve in the 2023/2024 financial year, the Trustee incurred additional administration costs (as described in the Fees and Costs table above).
2. Additional fees may apply.
3. The Trustee passes on the tax deductions it receives so the estimated cost to you would be **\$499.75**.

7. How super is taxed

Superannuation is one of the most tax-effective ways to save for retirement. Even so, taxation laws are complex and subject to change. To make the most of your superannuation, you might like to consult your accountant or tax adviser for specific details about how you will be taxed. This advice may be particularly useful as you approach retirement and need to decide how and when to withdraw your superannuation.

Contributions

Contributions made by your employer, or by you from your before-tax pay, are called 'Concessional Contributions', and these contributions generally have a 15%[^] contributions tax deducted from them. Any money you transfer into your account from an untaxed source (post 30 June 1983 untaxed component only) is also generally taxed at 15%[^].

Contributions that you make from your after-tax pay are called 'Non-concessional Contributions', and these contributions are not subject to the contributions tax because you have already paid income tax on that money.

There are (different) limits on Concessional and Non-concessional Contributions. It is very important for you to be aware that there will be negative tax consequences for you if you breach either of these limits.

[^] High income earners may pay a further 15% tax. Refer to our fact sheet Understanding how super is taxed.

 There are Concessional Contribution and Non-concessional Contribution limits. If these limits are exceeded, there are taxation consequences.

For more information on contribution limits and the co-contribution amount including the current threshold, visit nationsuper.com.au/rates

Investment earnings

Investment earnings in superannuation are taxed at a maximum rate of 15%. The effective tax rate on some earnings is lower because of further tax concessions or credits available to the Fund. The investment return we disclose to you is net of tax.

Withdrawals

Tax on withdrawals varies depending on your age, the type of withdrawal, and the ratio of taxable to tax-free components in your account. We withhold appropriate tax from amounts we pay to you. Generally, lump-sum withdrawals are tax-free if you are aged 60 or over.

 You should provide us with your Tax File Number (TFN) when you join the Fund. If you or your employer do not provide the Fund with your TFN, all Concessional Contributions will be taxed at the top marginal rate plus Medicare levy and you cannot make after-tax contributions. If you do not provide your TFN to the Fund, tax will be withheld at the top marginal rate plus Medicare levy on the taxable component of any payment made to you.

 You should read the important information about 'Fees and costs' before making a decision. Go to nationsuper.com.au/ifcguide and read the Insurance, Fees and Costs Guide for Insurance and Administration Fees and Costs. Go to 'Additional explanation of fees and costs' in the Investment Guide at nationsuper.com.au/investmentguide for Investment Fees and Costs. Go to 'Additional explanation of fees and costs' and 'How super is Taxed' in the Super Guide at nationsuper.com.au/superguide for all other fee information, such as Family Law, Advice Fees and Fee definitions. Where provided, your Income Protection cover is up to 85% (including 10% superannuation contribution benefit) of your 'salary', as defined by the insurer. If you satisfy the insurer's definition for Income Protection, the benefit is paid monthly in arrears. It offers various waiting periods (30, 60 or 90 days) and benefit period options (2 years or through to age 65) to suit your needs. Your Income Protection cover may be reduced by any amount of workers' compensation or other payments which you are eligible to receive.

How to apply for cover

You can apply for insurance cover by logging in to your super account or by completing and returning an Insurance Form (available on our website or call us for a copy).

Use this form to provide important details required to set up your Nationwide Super – Employer account. Print clearly in BLOCK LETTERS.

This Application Form relates to the current Nationwide Super Product Disclosure Statement (the 'PDS') within the Nationwide Super Division of Russell Investments Master Trust (the Fund). The PDS is available to download from **nationswidesuper.com.au/forms** or by calling 1800 025 241. Terms defined in the PDS have the same meaning in this form. The PDS contains important information about investing in the Fund. It is important that you read the PDS before applying for units in any of the investment options of the Fund.

2. SEARCH FOR YOUR SUPER

☐

Tick this box to provide consent.

By ticking this box, you are consenting to the Trustee of Nationwide Super, a division of the Russell Investments Master Trust (the Fund) using your Tax File Number (TFN) to search for other super accounts you may have, now and in the future, using a facility provided by the Australian Taxation Office (ATO). We will automatically consolidate any ATO-held super (known as Lost or Unclaimed money). If we find any super with other funds we will let you know, so you can decide if you want to transfer them into your Nationwide Super account.

3. PROVIDING YOUR TAX FILE NUMBER (TFN)

Under the *Superannuation Industry (Supervision) Act 1993*, your superannuation fund is authorised to collect, use and disclose your TFN. The Trustee of your superannuation fund may disclose your TFN to another superannuation provider, when your benefits are being transferred, unless you request the Trustee of your superannuation fund in writing that your TFN not be disclosed to any other superannuation provider.

Declining to quote your TFN to the Trustee of your superannuation provider is not an offence. However, giving your TFN to your superannuation fund will have the following advantages (which may not otherwise apply):

- Your superannuation fund will be able to accept all permitted types of contributions to your account(s).
- Other than the tax that may ordinarily apply, *you will not pay more tax than you need to – this affects both contributions to your superannuation and benefit payments when you start drawing down your superannuation benefits.*
- It will make it much easier to trace different superannuation accounts in your name, so that you receive all your superannuation benefits when you retire.

Your TFN will otherwise remain confidential.

Fill in your TFN here:

4. MAKE AN INVESTMENT CHOICE

For more information, please refer to the current Product Disclosure Statement (PDS) available on our website.

Some of the investment options given below have a footnote included, and it's important that you read the footnote on the relevant investment options before completing the form.

¹ These investment options carry a low level of investment risk, which means they are likely to deliver low investment returns. If you're planning to invest a significant amount of your super in these options for more than 1-2 years, it's important to consider this. You should read the PDS and/or get financial product advice before you continue. If you have any questions or want more information, please contact us.

Do you want to rebalance your investments?

This is only relevant to you, if you have selected more than one investment option. If you select to rebalance your investments, we reset your account balance on the 15th of each month, to match the original investment strategy you selected.

Below is an example where the member investment strategy is 50% Balanced Growth and 50% Defensive:

	BALANCED GROWTH	DEFENSIVE	TOTAL
Initial investment	\$5,000	\$5,000	\$10,000
Your balance on the 15th of the following month	\$5,300	\$5,100	\$10,400
Your balance after rebalancing	\$5,200	\$5,200	\$10,400

If you select this option, you cannot switch your investments during the two working days prior to the 15th of each month.

I would like to rebalance my investments automatically each month:

5. OPT IN FOR AUTOMATIC INSURANCE

I am a new member and want to opt in for the following types of automatic insurance cover:

- ☐ Death Only cover
- ☐ Death and Total and Permanent Disablement cover
- ☐ Income Protection cover

Note, if your insurance fees are paid by your employer, you will receive automatic insurance and do not need to opt in. However, if you are transferred to another division of the Fund you will need to opt in. This could happen, for example, if you leave your employer.

Important information to note:

- If you opt in, we will maintain your insurance even if your account is inactive for 16 months or more, or your account is transferred to another division of the fund (this could happen, for example, if you leave your employer).
- By opting in, you acknowledge that you understand the effect this may have on your account balance and you do not require any further information.
- Limited cover may apply for a period, if you opt in after joining. Please see your Insurance, Fees and Costs Guide for more information.
- If you do not opt in to any cover at this time, when you are at least 25 years old and you have a balance of \$6,000 or more, cover will automatically commence (eligibility requirements and limitations may apply).
- If you choose to opt in to some but not all of the insurance cover available to you, you will have to reapply if you would like that cover in future.
- Insurance fees will be deducted from your account while you have cover, unless your cover is paid for by your employer.
- You can change or opt out of (i.e. cancel) your insurance cover at any time by sending us a completed Insurance Form, available at nationwidesuper.com.au/forms or by calling us on 1800 025 241.

6. DOUBLE INSURANCE COVER

9. ADDITIONAL INFORMATION

Making contributions

If you want to help your super grow faster by making contributions to supplement your employer contributions, please contact your payroll department.

Insurance cover

Any insurance cover you have as a member of the Fund may be an important safety-net for you and your family. Please refer to the current PDS for details. If you would like to obtain, increase or decrease your insurance cover, you will need to complete an Insurance Form.

Rolling over your benefits

You can consolidate your super by rolling money you have in other funds into Nationwide Super. If you wish to do this, you will need to complete the Rollover Form or log into your account when you receive your member number and password to combine your super.

Nomination of beneficiaries

You should nominate how you want your benefit to be paid in the event of your death.

Types of death benefit nomination

There are two types of nomination you can make, binding or preferred (non-binding).

What is a binding nomination?

When you make a valid binding nomination, you decide who receives your benefit when you die, and how much of the benefit they receive. The Trustee must follow the instructions of a valid binding nomination. This can be useful if you have multiple dependants who may have a claim on the benefit. This benefit is generally faster to be paid.

The following conditions apply:

- To be valid all the beneficiaries listed must be dependants or your Legal Personal Representative (your estate) at the time of death and/or be the estate.
- It will be treated as a valid binding nomination for three years from the date the nomination is made. This nomination reverts to being a preferred nomination after the three-year period, if the nomination is not extended by lodging a new binding nomination request.

- It requires two witness signatures. Witnesses must be aged over 18, must not be one of your nominated beneficiaries and must be present when you sign the form. If the witnesses sign and date the form on a different date to your signature, the nomination will be invalid.
- An invalid binding nomination will be treated as a preferred nomination by the Trustee and will not revoke or replace an existing, valid binding nomination.

What is a preferred nomination?

When you make a preferred nomination the Trustee will take into consideration any nomination you make. However, in this case, the Trustee has final discretion in deciding who will receive your superannuation benefit when you die. This can be useful as the trustee can take into account changes in your or your beneficiaries, circumstances after the nomination is made.

The following should be noted:

- If there are dependants at the time of death and/or an estate, these automatically exclude any non-dependant from receiving a benefit.
- The nomination should be changed if your circumstances change.
- Although a preferred nomination never expires, a more recent nomination would hold more weight with the trustee than one that is many years old.
- It requires no witnesses.

Who qualifies as a dependant?

Dependants, as assessed at the time of death, include:

- Your spouse (including de facto of different or same sex).
- Your children of any age (including step, adopted, ex-nuptial, or a child of your spouse).
- Any person who is financially dependent on you.
- Any person with whom you have any interdependency relationship:
 - any person with whom you have a close personal relationship, and live with, and where one or both of you also provide ongoing financial support, and domestic support and personal care; or
 - interdependency can apply if the above requirements listed do not apply due to physical, intellectual or psychiatric disability.

Rolling over your super is easy with Nationwide Super

Simply complete the three steps on this form and we'll take care of the rest.

- 1. Personal details** To get the ball rolling, we've inserted our details (fund name, etc). All you need to do is add in yours.

Providing your Tax File Number (TFN)

Under the *Superannuation Industry (Supervision) Act 1993*, your superannuation fund is authorised to collect, use and disclose your TFN. The Trustee of your superannuation fund may disclose your TFN to another superannuation provider, when your benefits are being transferred, unless you request the Trustee of your superannuation fund in writing that your TFN not be disclosed to any other superannuation provider.

Declining to quote your TFN to the Trustee of your superannuation provider is not an offence. However, giving your TFN to your superannuation fund will have the following advantages (which may not otherwise apply):

- Your superannuation fund will be able to accept all permitted types of contributions to your account(s).
- Other than the tax that may ordinarily apply, you will not pay more tax than you need to – this affects both contributions to your superannuation and benefit payments when you start drawing down your superannuation benefits.

- It will make it much easier to trace different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.

Your TFN will otherwise remain confidential.

Personal Statement Member's Declaration

About this application

The life insurance policy being applied for with this application is a consumer insurance contract within the meaning of the *Insurance Contracts Act 1984* (Cth). When you apply for life insurance, we conduct a process called underwriting. It's how we decide whether we can cover you, and if so, on what terms and at what cost.

We will ask questions we need to know the answers to. These will be about your personal circumstances, such as your health and medical history, occupation, income, lifestyle, pastimes, and current and past insurance. The information you give us in response to our questions is vital to our decision.

The duty to take reasonable care

When applying for insurance, there is a legal duty to take reasonable care not to make a misrepresentation to the insurer before the contract of insurance is entered into.

A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth.

This duty applies to a new contract of insurance and also applies when extending or making changes to existing insurance, and reinstating insurance.

If you do not meet your duty

If you do not meet your legal duty, this can have serious impacts on your insurance. There are different remedies that may be available to us. These are set out in the *Insurance Contracts Act 1984* (Cth). These are intended to put us in the position we would have been in if the duty had been met.

Your cover could be avoided (treated as if it never existed), or its terms may be varied. This may also result in a claim being declined or a benefit being reduced.

Please note that there may be circumstances where we later investigate whether the information given to us was true. For example, we may do this when a claim is made.

Before we exercise any of these remedies, we will explain our reasons and what you can do if you disagree.

Guidance for answering our questions

You are responsible for the information provided to us. When answering our questions, please:

- Think carefully about each question before you answer. If you are unsure of the meaning of any question, please ask us before you respond.
- Answer every question.
- Answer truthfully, accurately and completely. If you are unsure about whether you should include information, please include it.
- Review your application carefully before it is submitted. If someone else helped prepare your application (for example, your adviser), please check every answer (and if necessary, make any corrections) before the application is submitted.

Changes before your cover starts

Before your cover starts, we may ask about any changes that mean you would now answer our questions differently. As any changes might require further assessment or investigation, it could save time if you let us know about any changes when they happen.

If you need help

It's important that you understand this information and the questions we ask. Ask us or a person you trust, such as your adviser for help if you have difficulty understanding the process of buying insurance or answering our questions.

If you're having difficulty due to a disability, understanding English or for any other reason, we're here to help. If you want, you can have a support person you trust with you.

Notifying the insurer

If, after the cover starts, you think you may not have met your duty, please contact us immediately and we'll let you know whether it has any *impact on the cover*.

O. Authority to Release Health Information

Notes on releasing information about your health

Your health information includes details about all your interactions with health providers, and may include details such as your symptoms, treatment, consultations, personal medical history and lifestyle. Health providers cannot release this information about you without your consent.

We, (**AIA Australia**), collect and use your health information to assess your application for cover, to assess and manage your claim, or to confirm the information you gave us when you applied for cover or made a claim. This is why we need your consent.

Each time you apply for cover or make a claim, we will ask you for a fresh consent. We will respect your privacy by only asking for the information we reasonably need, and we will tell you each time we use your consent.

Please read each Authority carefully and the explanatory notes below.

Authority 1

Authority 1 explanatory notes – through this Authority, with the exception of a copy of the consultation notes held by your General Practitioner/Practice, you are consenting to any health provider releasing any health information about you in the form we ask for. This may involve, for example:

- preparing a general report and/or a report about a specific condition;
- accessing and releasing your records in SafeScript;
- releasing your hospital patient notes;
- releasing the results of any investigations they have done; and/or
- releasing correspondence with other health providers.

Authority 1 – to release any of my health information except the consultation notes held by my General Practitioner/Practice

With the exception of consultation notes held by any General Practitioner/Practice I have attended, I authorise any health provider, practitioner, practice, psychologist, dentist, allied health services provider or any hospital to access and release, in writing or verbally, any details of my health information to **AIA Australia**, or to third parties they engage.

I agree to all the following:

- My health information can be released in the form **AIA Australia** asks for, such as a general report, a report about a specific condition, my records in SafeScript, any hospital notes, or correspondence between health providers.
- **AIA Australia** can collect, use, store and disclose my personal information (including sensitive information) in accordance with privacy laws and Australian Privacy Principles.
- This Authority is valid only while **AIA Australia** is assessing my claim or application for cover, or is verifying disclosures I made in connection with the cover.
- A copy or transcript of this Authority will be valid and effective, and this Authority should be accepted as valid and effective where I have signed electronically or consented verbally.

Authority 2 explanatory notes – through this Authority, you are consenting to any General Practitioner/Practice you have attended releasing a copy of your full record, including consultation notes, but only if we have asked them to provide a general report and/or a report about a specific condition under Authority 1, and either:

- they will be unable to, or did not, provide the report within 4 weeks; or
- the report provided is incomplete, or contains inconsistencies or inaccuracies.

Your General Practitioner maintains consultation notes to support quality care, your wellbeing and to meet legal and professional requirements. General Practitioners/Practices should only release a copy of your full record, including consultation notes, for life insurance purposes in the rare circumstances set out above.

If you choose to withhold your consent to this authority, we may not be able to process your application for cover or a claim.

I authorise any General Practitioner/Practice I have attended to release a copy of my full record, including consultation notes, to **AIA Australia**, or to third parties they engage, only if **AIA Australia** has asked them for a report on my health and either:

- the General Practitioner/Practice will be unable to, or did not, provide the report within four weeks; or
- the report is incomplete, or contains inconsistencies or inaccuracies.

I agree to all the following:
